# WHAT IS FAMILY & CHILDREN FIRST COUNCIL?

## HISTORY OF COUNCIL

In 1994 the Logan County Family & Children First Council was established as a continuation of the Logan/ Champaign County joint Cluster that formed in 1987 and re-organized as the Logan/Champaign County Family & Children First Council in 1992 per Governor Celeste's Executive Order.

Formalizing the collaborative, in 1995 the Council was designated as a 501(c)3 non-profit charitable trust. Further legitimization of the Council collaborative occurred with the 1996 passing of House Bill 274, which provided legislative authority to the state and county council's.

In 2008, Project Child merged their non-profit to Council. Project Child was reformatted by Council to its original mission of an early childhood collaborative committee. In 2009, Council became a United Way affiliate agency.

## GOALS OF COUNCIL

### 1. Building Capacity for Community Change

A collaborative must be organized to be effective. Capacity focuses primarily on enhancing membership to increase involvement, outreach, leadership, and cultural competency. A working organizational chart is essential to effectiveness. The collaborative needs to have legal standing and a funding structure (S.A.M.H.S.A Strategic Prevention Framework; Public Health Model).

### 2. Coordinating Systems and Services

A service coordination mechanism is developed and monitored for how agencies work together to coordinate services and resources for multi-need children -O.R.C. 121.37(C). A county-wide, comprehensive, coordinated, multi-disciplinary, interagency system for infants and toddlers is developed for children and their families with developmental disabilities -O.R.C.(B)(2)(c).

### 3. Creating Community Change

Develop, maintain, and monitor an accountability system that establishes local indicators to evaluate and prioritize services, fill service gaps where possible, and invent new approaches to achieve better results for families and children -O.R.C. 121.37(B)(2)(b), (d)-(c). An annual plan identifies interagency efforts to increase child well-being -O.R.C. 121.37(B)(2)(c).

## *Our desired community has...*
